

# OneView

Seamless planning, compliance and operational efficiency in Marine logistics, with OneView

The maritime industry demands precise workforce planning and compliance. OneView centralises personnel monitoring, certification tracking, and workforce deployment. Ensure resilience amid strict regulations and global mobility with real-time oversight of crew movements, safety drills, and risk management—all in one platform.

## One Source of the Truth

Access real-time workforce data for accurate planning and decision-making to streamline maritime.

## Rapid Response

Quickly allocate seafarers based on role, certifications, and experience for regular and urgent deployments.

## Safer Deployment

Ensure only fully certified and medically fit crew members are assigned to vessels, with built-in travel and logistics tracking.

## Better Forecasting

Leverage historical data and real-time insights to predict crew resourcing needs and forecast headcount.

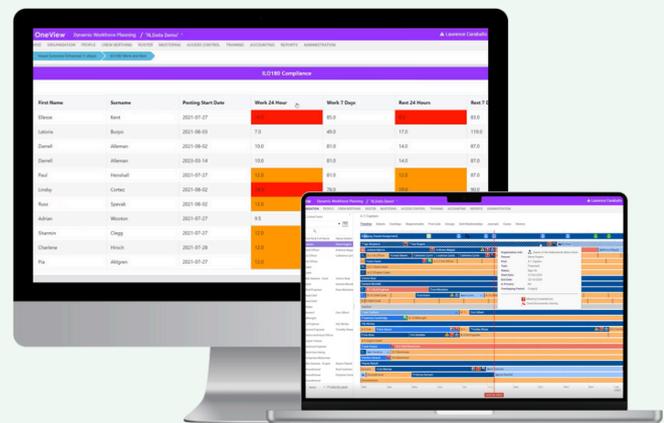

## Easier Integration

OneView's open API seamlessly connects with HR, payroll, and travel management systems, reducing manual workload.

## Why OneView

- **Save up to 20%** in time by streamlining scheduling & reducing admin work
- **Cut 15% in costs** through smarter resource allocation
- **Ensure compliance** with automated tracking & reporting
- Gain **real-time insights** for data-driven decision-making
- Enhance **staff retention** with better workforce planning
- Drive **accurate travel** planning using up-to-date personnel data
- Enable **timely communication** using My OneView
